SOCIALISTS IN COURT HERE TODAY

Enter Pleas of Not Guilty
to La Crosse Indict-
ments

BEFORE JUDGE SANBORN

Bail is Furnished by Members
of the Legis-
lature

Victor L. Berger, socialist
congressman-elect, Milwaukee
and State Senator Louis Arnold
were arraigned in federal court
before Judge Sanborn this
morning on indictments charging
violation of the espionage
act returned by the grand jury
at La Crosse.

The defendants pleaded not
guilty.

They will be tried at Eau
Claire at the term of court
which begins next Monday.

Bail was furnished by three
socialist members of the legis-
lature: Senator H. R. Kleist,
Brilliant and Assemblymen Her-
man Roethel, Kiel, and Otto
Lerche, Calumet county.

Berger was already under
bonds of \$140,000 on previous
indictments returned against
him.

The indictments against Victor L.
Berger, congressman-elect from Mil-
waukee, and Louis A. Arnold, state
senator from Milwaukee, were re-
turned by the grand jury at La
Crosse last fall. The jury made its
report on Nov. 30. No attempt was
made to arrest either Berger or Ar-
nold pending the trial of Berger at
Chicago. The offense, however, charged
in this indictment is different
than that upon which Berger
was convicted in Chicago last month.

The indictment in the present case
charges Berger and Arnold with a
violation of the espionage act, in the
circulation of false reports to in-
jure the success of the military and
naval forces; the causing or at-
tempting to cause insubordination

INFLUENZA CASES ON WANE, REPORT

Only Thirteen New Victims Re-
ported to Health Office
Today

Influenza is on the decrease in the
city, members of the board of health
said this morning. At noon but 13
new cases had been reported from
the entire city which is practically
half of the number that has been
reported in the same period during
the past several months or more.
Of the 15 cases reported this morn-
ing, eight were reported at the uni-
versity infirmary and five from
homes of the city.

There are at present 149 cases of
"flu" placards in the city. There
are 92 cases of measles in the city
and 16 cases of chicken pox. Three
cases of small pox are under quar-
antine today, two of which are home
cases and one a hospital case. There
were also 13 cases of scarlet fever
on record today. Eight of these are
quarantined at home and five are
hospital cases.

State Journal Peeved Over
Failure to Get Double Page
Ad.

The Capital Times prints in this
issue today a double page advertise-
ment from Perlman's store, 768-770
West Washington avenue.

Mr. Perlman gave a smaller ad
of a quarter of a page to The State
Journal.

The State Journal refused to ac-
cept this ad because of the larger
advertising space that was given to
The Capital Times. The State Jour-
nal advised Mr. Perlman that the
advertising would be accepted if the
size of the ad was increased to 100
inches.

Mr. Perlman refused to be dictat-
ed to in this manner and refused to
cede to The State Journal's brow-
beating. Mr. Perlman advised The
State Journal that it could take a
quarter page or nothing.

"I don't propose to stand for such
raw intimidation from any newspa-
per," said Mr. Perlman. "The Demo-
crat or The Capital Times have not
attempted to run my business. Why
should The State Journal?"

PERLMAN STORE WILL MOVE TO NEW LOCATION

Room Formerly Occupied
by Theatre Offers Larger
Quarters

Announcement is made of the re-
moval to larger and more adequate
quarters of the Perlman store, now
located at 770 West Washington
avenue. The site selected is that
formerly occupied by the Pastime
Theatre at Mount street and West
Washington. The store has been
devoted entirely to the handling of
a general line of dry goods, shoes
and men's apparel.

Louis Perlman stated today that
it was his intention to dispose of as
much of the stock now held at the
old store as possible with the idea
of opening at the new location with
a stock of newer patterns and styles
in all lines.

A. H. Lindquist, sales manager
for the Western Merchandising bu-
reau at Beloit, has been engaged to
take complete charge of a sale at
the old store which opens tomorrow.
The "removal sale" is the first sale
of any sort to be held by the estab-
lishment, according to Mr. Perlman,
since the store opened six years
ago.

Here's Good Job

Turn on the Rain or Make
Old Sol Beam—Anytime.

Wanta be a weather man?
It's really a better job than
carrying the keys to the city—
especially as you might get ser-
vice right here in Madison, or
at least at some nearby point.
Think of it. Be able to turn
on the rain if you want to get
even with anyone—or throw a
blast of icy cold across town
any time you feel like it. Then
when you want to enjoy your-
self there are the other levers
in the weather man's switch-
tower. The one for sunshine,
warmth, clouds—and every-
thing.

An examination will be held
March 12. The Civil Service
commissioner at the Federal
Building will tell you all about
it. It's a gay life.

NOLAN IN MOVE

House Votes to Print Record
After a Sharp
Debate

BY FRED L. HOLMES.

A communication embodying a
resolution adopted at a mass meet-
ing of more than 1,000 citizens of
South Kaukauna, March 2, memo-
rializing the legislature to pass bills
against profiteering, for the benefit
of labor and a democratic form of
government brought considerable de-
bate when presented in the assem-
bly Thursday by Assemblyman C. B.
Ballard of Appleton.

After the resolutions had been
read, Assemblyman T. S. Nolan of
Janesville, moved that they be laid
upon the table without being print-
ed in the legislative journal. As-
semblyman Metcalfe opposing the
motion said:

"It seems to me we are going
pretty far if we can't so much as
print in the journal, the petition
from more than 1,000 citizens ad-
dressed to this legislature under
their constitutional right."

After a brief debate in which it
was brought out that it was the cus-
tom of the house to print such com-
munications and that the resolu-
tions submitted were merely peti-
tions and suggestions for legisla-
tion from the citizens of the state,
a roll call was taken. The Nolan
motion was defeated 29 to 50.

The communication, which was
addressed to Gov. Philipp, Senator
Kuckuk, and Assemblymen Ballard
and McClure, follows:

Whereas: It is common knowledge
that a spirit of unrest and dissatis-
faction is rampant among the com-
mon people of the earth, and
Whereas: One great government
after another has been overthrown
by their own subjects, whom they
have at last, by tyranny, oppression,
and utter disregard for the common
rights of humanity, driven to de-
spair and revolt, and
Whereas: We fear that unless
prompt action is taken either by
our federal government or the legis-
latures of our several states to
put a stop to the damnable prac-
tice of profiteering that is so sorely
trying the patience of our own peo-
ple, also to guarantee to our work-
ingmen and women the right to or-

HOPPMANN SAYS 'BEVO BUMS' ARE NOT RICH BOYS

Tells Parent-Teachers' As-
sociation About Stolen
Goods

"The story of the Bevo Bums is
exaggerated."
This is what Judge Hoppmann
told teachers and 160 parents,
who attended the meeting of the
Lincoln Parent-Teachers' association
at Lincoln school last night.

Judge Hoppmann said that there
were only four boys implicated in
the affair and that only one of these,
contrary to the general talk of the
case, was the son of wealthy par-
ents. The entire value of the ar-
ticles stolen, he said, did not exceed
\$50. All of the boys, he said, had
been removed to different environ-
ments.

The meeting went on record as fa-

WEALTH WINS! THE PEOPLE LOSE AGAIN

An unheard of proceeding in legislative procedure was at-
tempted in broad daylight by members of the assembly of the
Wisconsin legislature this morning.

AN ATTEMPT WAS MADE TO DENY THE PEOPLE OF
THE STATE OF WISCONSIN THE RIGHT OF PETITION,
ONE OF THE SACRED RIGHTS GUARANTEED TO THEM
BY THE CONSTITUTION.

It was very appropriate that the fight should come over the
printing in the legislative record of a communication denouncing
profiteering. The communication was sent in by 1,000 residents
of South Kaukauna. It is always customary to print such com-
munications in the journal without any comment.

Look the following roll call over. Take a GOOD LOOK at
the names of the 29 members who were so solicitous of the feel-
ings of the profiteers. Here is the roll call:

Against printing denunciation of profiteers—Messrs. Anderson, J. C.,
Anderson, P. M., Bullis, Czerwinski, Donnelly, Edwards, Frohmader, Gib-
son, Graess, Hanson, R. M., Killa, Kubatzki, Larsen, Markham, Mathison,
McClure, Miller, Mutter, Nolan, Olmsted, Owens, Sheldon, Smith, Vaughan,
Webster, Week, Weeman, Whittingham and Mr. Speaker—29.

For printing denunciation of profiteers—Messrs. Ansgore, Ballard,
Bartingale, Bauer, Becker, Best, Bowman, Burhop, Chilsen, Chipman, Coe,
Conner, Delaney, Dettinger, Ehlman, Fletcher, Grimsdall, Hanson, C. E.,
Hanson, J. C., Hellweg, Hewett, Hood, Jensen, Johnson, H. F., Johnson,
M. E., Jordan, Kandutsch, Kaney, Klesner, Klein, Knappe, Kurtenacker,
Lorfeld, Marth, Masakowski, Metcalfe, Oakes, Otto, Pedersen, Perry, Pier-
ron, Ploetz, Porath, Ruffing, Ruka, Schroeder, Sell, Sievers, Simpson, and
Williams—50.

Absent and not voting—Buckley, Carter, Chapple, DeFer, Downs,
French, Ganz, Grindell, Hineman, Johnson, A. J., Johnson, J. E., Lerche, Mc-
Dowell, Melvin, Mitchell, O'Brien, Olson, Porter, Roethel, Scharpf and
Zarnke—21.

Another important roll call showing the tenderness of the
members of the assembly for privilege and wealth was on the
C. E. Hanson bill providing for the abolishment of the personal
property offset. This bill was bitterly fought by the big inter-
ests because it would prevent them from ducking thousands of
dollars in taxes through the medium of the personal property
offset. The roll call follows:

To kill bill abolishing the personal property offset—Messrs. Ander-
son, J. C., Anderson, P. M., Becker, Best, Bowman, Bullis, Carter, Chilsen,
Chipman, Czerwinski, Delaney, Donnelly, Edwards, Frohmader, Gib-
son, Graess, Grindell, Hanson, J. C., Hanson, R. M., Hellweg, Hood,
Jensen, Johnson, H. F., Johnson, J. E., Kandutsch, Kaney, Killa, Kubatzki,
Kurtenacker, Markham, Mathison, Melvin, Mutter, Nolan, Olmsted, Otto,
Owens, Pedersen, Perry, Pierron, Porath, Ruka, Scharpf, Schroeder, Shel-
don, Simpson, Smith, Vaughan, Webster, Weeman, Whittingham,
Williams, Young—55.

For the bill abolishing the personal property offset—Messrs. Ballard,
Bartingale, Bauer, Burhop, Coe, Conner, Dettinger, Ehlman, Grimsdall,
Hanson, C. E., Hewett, Johnson, M. E., Jordan, Klesner, Klein, Knappe,
Larsen, Lerche, Lorfeld, Marth, Masakowski, Metcalfe, Miller, Mut-
ter, Nolan, Olmsted, Otto, Perry, Ploetz, Porath, Ruka, Scharpf, Schroeder,
Sheldon, Simpson, Smith, Vaughan, Webster, Weeman, Whittingham, Wil-
liams, Young—50.

Absent and not voting—Messrs. Buckley, Chapple, De Fer, Downs,
French, Ganz, Hineman, Johnson, A. J., McClure, McDowell, Mitchell, Olson,
Porter—13.

Present and not voting—Mr. Ansgore.
And here is another roll call where the members of the as-
sembly again paid their allegiance to the profiteers of the state.
It was on the bill of C. E. Hanson removing the secrecy clause
from the income tax records. The profiteers fought that, too.
The men of the state who are exploiting on food prices, shoe
prices, coal prices and the necessities of life will be protected.
Here is the lineup:

To keep income tax records secret—Messrs. Anderson, J. C., Best,
Bowman, Bullis, Carter, Chilsen, Chipman, Czerwinski, Donnelly, Edwards,
Fletcher, Frohmader, Gibson, Grindell, Hanson, R. M., Hellweg,
Hewett, Hood, Jensen, Johnson, H. F., Johnson, J. E., Kandutsch, Kaney,
Killa, Kubatzki, Kurtenacker, Lorfeld, Markham, Mathison, Miller, Mut-
ter, Nolan, Olmsted, Otto, Perry, Ploetz, Porath, Ruka, Scharpf, Schroeder,
Sheldon, Simpson, Smith, Vaughan, Webster, Weeman, Whittingham, Wil-
liams, Young—50.

Against keeping income tax records secret—For daylight on Income
Tax records—Ballard, Bartingale, Bauer, Becker, Burhop, Coe, Conner,
Dettinger, Ehlman, Grimsdall, Hanson, C. E., Johnson, M. E., Jordan,
Klesner, Klein, Knappe, Larson, Lerche, Marth, Masakowski, McClure,
Melvin, Metcalfe, Oakes, Owens, Roethel, Ruffing, Sell, Sievers, Zarnke—30.

Absent or Not Voting—13.

It was a great day, FOR PRIVILEGE AND WEALTH.

ALLIED BLUNDER HELD FOR BOLSHEVISM IN RUSSIA; WANTED TO FIGHT GERMANY

Red Cross Official Relates
Events Leading to
Revolt

DELAYS PLAYED HAVOC

Lenine Offered to Again Enlist
Army Against
Germany

(By the Associated Press)

WASHINGTON—The Russian
Bolshevik government agreed in
February, 1918, to denounce the
Brest Litovsk treaty and resume the
war against Germany if the United
States and Great Britain would as-
sure cooperation, Raymond Robins,
former head of the American Red
Cross mission in Russia, testified to-
day before the Senate committee in-
vestigating lawless propaganda.

Mr. Robins said that despite his
efforts and those of R. A. B. Lock-
hart, British high commissioner, to
induce their governments to agree
to this proposal, no word was re-
ceived by March 14, when Lenine
said he was convinced no help could
be expected and induced the all-
Russian Soviet to ratify the treaty
with Germany.

Mr. Robins testified that Trotsky
and Lenine disagreed about the sig-
ning of the Brest treaty, the former
believing that if he appealed to the
working classes of Germany, the
German leaders would not dare to
impose the treaty on Russia.

Willing to Retire.

Later, however, Mr. Robins de-
clared Trotsky said that both Lenine
and himself were willing to oppose
final ratification of the treaty and
if necessary, retire to the Ural
mountains to reorganize the army
and the government to oppose the
Germans if the allies would lend
assistance.

"I asked Trotsky to put this in
writing," the witness told the com-
mittee.

"He replied 'Do you want my
life?' But we finally arranged that
the matter should be outlined in a
memorandum unsigned."

Mr. Robins said he agreed to pre-
sent this proposal to the American
government, and obtained the co-
operation of Commissioner Lock-
hart.

Despite all efforts, no answers
were forthcoming when the fourth
all-Russian Soviet congress assem-
bled at Moscow.

In that congress, he said, six of
the seven parties were originally op-
posed to the ratification of the Brest
treaty.

Lenine Still Anxious.

Just before it closed, Mr. Robins
said he was sitting on the steps
of the platform upon which Lenine
was seated, and Lenine asked him if
any word had come from the al-
lied governments. When he replied
in the negative, Lenine said:

"I shall ask the ratification of the
Brest treaty."

The congress ratified the treaty
by a vote of 24 to 1.

When the Bolshevik propaganda
began to weaken the morale of the
German armies, Mr. Robins said
the Germans financed and organized
the Russian anarchists to hamper
the Bolsheviks, and he added that the
anarchists were responsible for
most of the agitation unfavorable to
the allies and America. One of the
German agents, he testified, was a
former Mrs. Proctor of Cincinnati.

He said that before Russia failed
as an ally, allied and American propa-
gandists unwittingly contributed
largely to the downfall of Russian
morale and that followed.

Posters Destroy Morale

"Posters were all over Russia,"
said Mr. Robins, "telling how great
the allies were and how powerful
America was. Some of the posters
said the United States would have
20,000 airplanes and 4,000,000 men
in France. The Russians, reading
these declarations, said to them-
selves, 'Well if this is all true, we
will go home for a while.' There is
no doubt that this propaganda ma-
terially assisted in the disintegration
of the Russian morale and that it
had exactly the opposite effect from
what was intended."

Mr. Robins described conditions as

he found them when he went to
Russia. Even during the early part
of the Kerensky regime, he said, he
became conscious of the fact that it
was failing because it did not pay
enough attention to affairs in the
outlying districts of Russia.

Kerensky's civil power, the wit-
ness asserted, was inefficient and the
soviet control grew up naturally.

Not a Socialist

He discussed the economic paral-
ysis in Russia, saying that it began
with the overthrow of the czar and
increased down through the Keren-
sky regime. He gave as a reason
the fact that before the war Ger-
mans were the economic directors
of Russia and that when they dis-
appeared there was no one compe-
tent to take their places.

Mr. Robins said that he was anti-
socialist when he went to Russia and
that his experiences there had not
changed his ideas in regard to so-
cialism.

Col. William B. Thompson, head
of the American Red Cross mission
in Petrograd, who had been charged
with spending money to aid the Bol-
sheviki, Mr. Robins said, "never
spent a dollar for that purpose."

Instead, he declared, \$1,000,000
used by Americans in an effort to
convince the Russians that German
victory meant defeat of the Russian
revolution was furnished from Col.
Thompson's private fortune.

Asked Financial Aid

In addition to this, Mr. Robins
said a request was made of the
American government for an addi-
tional million in October, 1917, and
a million dollars a month for three
months to carry on propaganda for
the interior of Russia. The Ameri-
can government was warned, he said,
that unless this money was forth-
coming the Bolsheviks would gain
control and a separate peace be-
tween Russia and Germany was
likely.

Instead of receiving approval of
the project, the government cabled
that a representative of the com-
mittee on public information would
be sent to Russia to study the sit-
uation. When the committee's rep-
resentative arrived the Bolsheviks
had been in power for two weeks.

There were only two groups in
Russia, Mr. Robins said, the soviet
and the reactionaries, and lack of
sympathy on the part of the allies
for the problems of the Kerensky
government made it impossible for
that regime to gain the support of
the soviets.

Kerensky Preferred Allies
"Kerensky was a sincere friend of
the allied cause," declared the wit-
ness, "and would have worked out a
liberal socialist program." Many
of the earlier leaders of the revolu-
tion preferred to co-operate with the
Germans rather than with the so-
viets, he added, and as a result
the Bolsheviks refused any connec-
tion with these men when they came
into power.

Mr. Robins said he saw early dur-
ing the Bolshevik revolution that
the revolutionists were bound to be-
come the real power in Russia be-
cause they had the masses of the
Russian people behind them, al-
though Germany and possibly cer-
tain dishonest elements were for the
moment in control. He said he
went to see Trotsky and told him
that the Red Cross desired to con-
tinue to serve the Russian people
without injuring the allied cause.

"I told Trotsky," the witness con-
tinued, "that I would deal with who-
ever happened to be in power. After
that Trotsky let us send a train of
supplies to Rumania that got
through on time to Jassy under Bol-
shevist protection."

Believed in World Revolt.

Trotsky was perfectly frank in
saying he believed in an internation-
al revolution which eventually would
reach America, but he realized that
America at that time was the one
agency through which the economic
situation in Russia would be im-
proved. He was not friendly to
America but thought that America
would be friendly to the Bolshevik
government because its ideas were
diametrically opposed to the ideas
of the German Junkers and militar-
ists."

At that time, the witness said,
the Germans were trying by every
means to obtain raw materials from
Russia and he thought "something
should be done to prevent them
from receiving these materials. He
said Trotsky offered to permit al-
lied officers to go to the frontier
and enforce the embargo on raw
materials going to Germany."

WOMEN ARE BOOSTING IT YOU CAN'T FOOL THEM

Once you have shown them and got their confidence they will stick to their thick and thin to what they know and believe is a good thing.

Hundreds of women in our city are going around today with joy in their hearts and a new lease on life and health where before each day was one long nervous drag of misery.

As one woman expressed it, "It's not the work you do, it's the way you feel that makes the difference, you can't get ahead when you go to bed all in, too tired to sleep and get up in the morning half dead."

I certainly was a nervous wreck, every task a load, no ambition, thin, haggard and pale, an old woman before my time. Look at me now. Work is a pleasure. I am just bubbling over with good spirits, the picture of health, cheeks rosy and full of the color that only iron and blood can give while my phosphate-fed nerves are as steady as a clock, nothing worries me, I sleep like a top and feel like a girl of sixteen.

Take it from me, if you are Phosphate Iron to get all of the credit, too much cannot be said in its praise, and all my friends are boosting it.

There is no need of any man or woman going around with that tired all-in feeling or any form of nervousness. If they take a brace, and stick up to a package of Phosphate Iron, it sure will spruce you up and make you feel like a live wire once more, so get busy.

Special Notice: To insure doctors and their patients getting the Genuine Phosphate Iron we have put in capsules only, so do not allow dealers to sell you pills or tablets.

ANTI-SECRECY TAX BILL DIES 50 TO 30

Lie is Passed in Debate Between Knappe and Donnelly

By FRED L. HOLMES

The lie was passed in the assembly during the discussion of the C. E. Hanson bill to remove a portion of the secrecy clause of the state income tax law. The bill was killed.

Assemblyman Edwards, Donnelly, and Wieman had spoken against the bill when Assemblyman E. W. Knappe took the floor and said:

"I don't believe what Assemblyman Edwards and Donnelly have said."

Donnelly and Edwards both leaped to their feet and Donnelly pointing his finger at Knappe said:

"No man from the other side of the house can talk like that and get away with it. You can't insult me. There is too much Irish in me to let any fellow from the Cherokee strip call me a liar."

"I can express my opinion can't I?" asked Assemblyman Knappe.

"Not if you call me a liar, you can't," said Donnelly.

Speaker Young rapped repeatedly for order and finally cautioned Knappe to confine his remarks to the subject, or forfeit his place on the floor.

Killed 50 to 30

After heated arguments in which the previous question was moved an amendment was defeated, the bill was finally killed by a vote of 50 to 30.

Edwards and Donnelly arguing against the bill said it would permit curiosity seekers prying into a man's business. They said the assembly had appropriated \$15,000 for special investigators for the tax commission. If this was not enough they would raise it to \$100,000 if necessary. C. E. Hanson, author of the bill declared:

"It is strange those men arguing against this bill are afraid of the daylight. The federal government has proved that the Wisconsin state income tax law is a farce. Let us open the door."

Otto Plan Beaten

Assemblyman Otto put up a fight for an amendment, which would require the income assessors or tax commission to investigate the return in any case upon complaint under oath of any citizen. Hanson objected to the amendment and a motion to suspend rules to permit its introduction was defeated 51 to 29. The motion to indefinitely postpone was then put to a vote and the bill was killed, 50 to 30.

Speaker Young appointed Assemblyman John T. Williams, R. M. Hanson, Thomas A. Delaney, and W. E. Jordan on the special committee to investigate the teachers' insurance and retirement fund. The assembly adjourned until 9:30 Friday morning.

BEGIN ACTION AGAINST STATE POWER RULING

City of La Crosse and Rail Commission Are Defendants

Complaint on the recent decision of the Wisconsin Railroad commission reducing the increased rates guaranteed the Wisconsin-Minnesota Light and Power Co. was filed in the circuit court today. This action makes the city of La Crosse and the Railroad commission defendants.

The case has been one of long standing. When the light company made application for increased rates the railroad commission, after an investigation, granted an increase of 20 cents per thousand cubic feet in gas rates to be charged by the corporation. To this the city of La Crosse made complaint and brought action against the railroad commission and the power company. On Feb. 25 testimony was introduced by the city that resulted in a readjustment of rates by the commission reducing the increase from 20 to 12 cents.

This action is now protested. The case will probably be tried on March 19.

Madison Profiteer Hears Debate on Income Tax Bill in Assembly.

The assembly spent a long time this morning in a hot discussion over the C. E. Hanson bill to repeal the personal property offset to the state income tax law. This would increase taxes on the profiteers of the state.

Carl A. Johnson, Madison's big profiteer, who has the attendance record at the legislature, was marked present when the debate opened. Johnson is just a "legislative on-looker."

WISCONSIN MEN FROM OVERSEAS ABOARD ITALIA

Four Other Transports Left French Ports on Monday

(By The Associated Press)

WASHINGTON—Five transports, bringing home 242 officers and 6,613 men, sailed from Brest, Marseilles and Bordeaux Monday for New York. The ships are the Francesca, Italia, Hollandia, Agamemnon and Awa Maru.

The Italia is bringing casual companies from Michigan, Wisconsin, Iowa and other states.

COMMITTEE O. K. IMPROVEMENTS WORTH \$910,000

City Hall and Community Center Matters Are Considered

A new city hall, Girstenbri plat school, and a high school addition, projects involving an expenditure of \$910,000 were considered and recommended for passage by the finance committee of the common council at a meeting last night.

The city hall and community building matter, which must go to a referendum vote after it has been passed by a three-fourths vote of the council, will require a bond issue of \$500,000. There was no consideration of the site in the meeting last night. Alderman Pries suggested the possibility of separating the buildings by placing the city hall on a small lot on or near the square and erecting the community center a few blocks farther out. Alderman Behrend opposed a vote on the proposition, claiming that the vote might not be representative.

Chief discussion arose over the plans to erect a six room building for the seventh ward school. The other six rooms were to be constructed later. Figures were introduced to show the plan to be impractical, plans finally adopted call for the immediate erection of a 12 room building. This will practically vacate the Hawthorne building, which will then be used as the start of a junior high school. Later the Girstenbri plat school may be used for a high school. For the present it will probably be used for a community center for that part of the city.

On recommendation of the school authorities it was decided to build a girl's gymnasium in connection with the vocational annex to the high school. In order to carry out these plans the purchase of 40 to 44 feet of the Holcomb property will be necessary.

ITALY WARNED TO SPEED FOOD TO SLAV STATES

(By The Associated Press)

WASHINGTON—Italy has been warned by the American government that unless she puts an end to delays in movements of relief supplies to the newly established Jugoslav and Czech-Slavic states, steps will be taken to cut off the flow of American foodstuffs to Italy.

JURY VERDICT PLAN MAY BE CHANGED

Assembly Favors a Five-Sixth Decision in Civil Cases

The assembly by an overwhelming vote engrossed the Bowman joint resolution providing for a constitutional amendment making the verdict of five-sixths of the jury in civil cases legal. Assemblyman T. S. Nolan, Janesville, who alone had opposed the amendment in the judiciary committee, declared that the constitutional provision, that the right of trial by jury should be inviolate and that the unanimous vote of twelve men must form the verdict, moved for the indefinite postponement.

Assemblyman Bowman, author of the bill, declared that all progressive judges and lawyers favored the proposition.

TAX OFFSET BILL KILLED BY ASSEMBLY

C. E. Hanson Measure Defeated by a Vote of 55 to 31

The assembly by a vote of 55 to 31 killed the C. E. Hanson bill to repeal the personal property offset to the income tax. A moment later Assemblyman Coe, who had introduced a similar bill, withdrew it for the purpose of an amendment.

Assemblyman C. E. Hanson made a determined fight for his bill mentioning the grain elevator cases. This measure if passed would increase tax revenues about \$3,000,000 annually. He said there was no good reason for the offset.

Assemblyman W. E. Edwards, Waukesha, opposed the bill. He said it was incomplete and that it would not accomplish the purpose proposed. Assemblyman Matheson also spoke against the measure. On a roll call the bill was killed.

Kill Vote Bill

The Sievers bill providing for the payment of wages in cash, went over and the Donnelly bill, amending the primary election laws to abolish the nomination papers was killed by viva voce votes. The Klein bill relating to days of rest of policemen and firemen in Milwaukee was referred to the committee on labor with a number of amendments.

The senate gave final passage to the Jennings' Milwaukee school board bill increasing the mill tax to four mills and providing that a minimum wage of \$900 shall be established. Two other bills by Jennings, one empowering the council to change the salary of appointive officials and the other placing the council civil service system on the budget plan were passed.

Because Attorney General Blain held that the Coe bill, appropriating \$2,000 to Mrs. W. T. Purdy, widow of the composer of "On Wisconsin," is unconstitutional, Senator Roy P. Wilcox made the plea that members of the legislature take up a subscription to assist the family.

For "On Wisconsin."

"There is no way to help the family of 'On Wisconsin,' unless we go down into our own pockets," said Senator Wilcox. "I feel so indebted to the composer of this song that I have prepared a subscription for the senators and headed it."

Senator Wilcox filed the subscription paper with Clerk Munson, with his own check for \$25. Senator Bennett introduced a resolution asking the tax commission to furnish confidential information on incomes to the corporation committee. The resolution went over until next Wednesday. On motion of Senator Skogmo the senate will take up the confirmation of Carl D. Jackson, reappointed railroad commissioner as a special order in committee of the whole, March 20. The senate adjourned until 10 a. m. Friday.

FORD PLANS NEW AUTO AT PRICES OF \$250-\$300

Will Entirely Reorganize Plant and May Leave Detroit

LOS ANGELES—Further details of Henry Ford's plan to build a new automobile at less cost to the purchaser than any automobile now extensively sold, were published today. The new car will be built at factories strategically placed for economic collection of raw material and distribution of the product, Mr. Ford said.

The new model car will sell at from \$250 to \$300. His son, Edsel Ford, president of the Ford Motor company, will, it is said, join his father in the new enterprise.

This, it is understood, would virtually mean the abandonment by the Fords of the present company in Detroit.

The new machine was devised by Mr. Ford during his "rest period" here.

THIN PEOPLE SHOULD TAKE PHOSPHATE

Nothing Like Plain Bitro-Phosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force.

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing only hollow and angles by the soft curved lines of health and beauty, there are evidently thousands of men and women who are keenly feeling their excessive thinness.

Thinness and weakness are usually due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known as bitro-phosphate, which is inexpensive and is sold by C. H. Naffz and most all druggists under a guarantee of satisfaction or money back.

By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food elements, bitro-phosphate quickly produces a welcome transformation in the appearance; the increase in weight frequently being astonishing.

This increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and loss of energy, which nearly always accompany excessive thinness, soon disappear, dull eyes become bright, and pale cheeks glow with the bloom of perfect health.

CAUTION—Although bitro-phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, it should not, owing to its remarkable flesh-growing properties, be used by anyone who does not desire to put on flesh.

Madison Building Trades Association

Is Composed of All Crafts in the Building Line

They Employ Skilled and Unskilled Workmen in the Art of Building

The public knows to what extent the war has crippled the building industry. The public knows how important the building industry is to the vast army of skilled and unskilled workers in every craft and how important it is for the welfare of our community and state that these mechanics be kept employed.

Every one also knows that the building industry in this community is at its lowest ebb, and that it is being held in check by uncertainty and the lack of confidence, and to pry it over the center everybody must do his share and start building something. Every bungalow, Garage, Barn, House, Church, School or building of any kind built now will boost the business and it will flourish again as it has in the past.

This association stands ready to serve the public in the most diligent and economical way possible to the ultimate good of all concerned.

WHAT WILL THE SENATE DO ABOUT IT?

THERE is nothing strange in the appointment of Carl D. Jackson to succeed himself as a member of the railroad commission by Gov. Philipp.

It would have been ingratitude on the part of Gov. Philipp if he had refused to appoint Jackson.

Jackson has been faithful in doing those things on the Wisconsin railroad commission that Gov. Philipp wanted him to do. Jackson has been faithful in doing those things on the commission that Big Business wanted him to do.

Big Business never forgets its friends.

The appointment of Carl D. Jackson on the railroad commission presents a distinct challenge to the members of the state senate who must confirm all appointments by the governor.

The action on this appointment will indicate whether there is any disposition in the senate to protect the interests of the people or whether the senate prefers to look out for the interests of privilege and wealth.

The Wisconsin railroad commission has become a pie-counter for the corporations of the state.

While the attention of people was turned toward Europe in the last year the public utilities of the state swarmed on the commission for increased rates. Increased rates were handed out right and left by the commission and the people of Wisconsin are footing the bill today.

The people of Madison are paying \$60,000 a year in increased street car fares handed to the company by the present commission. The increased fares which the people of Madison are paying today constitute a LEGALIZED STEAL. And the job is being done with the approval of the Wisconsin state railroad commission.

What has been done in Madison has been done in scores of other communities in the state in varying degree.

The Wisconsin state railroad commission has ceased to function as an instrument for the public welfare. Rates have been increased. Service regulations on the part of the commission have become a joke. The suave lobbyist and the corporation lawyer hover about the portals of the commission; there is little use for the common man to expect anything there.

We don't know whether Gov. Philipp has any ambitions politically for the future or not. The reappointment of Jackson is only one more of the many political blunders he has made.

Gov. Philipp has been going against the will of the people just a little too much. His air-tight margin in the last election is evidence of that.

It now remains to be seen whether or not the senate will put its stamp of approval on this sort of thing.

TO BE EXPECTED

THE committee on banking and insurance of the assembly has recommended passage of the bill wiping out the state life insurance fund.

Of course. The committee was stacked to do that very sort of thing.

THE BOND ISSUE

THE question of the submission of the proposed \$500,000 bond issue to the people will come before the common council tomorrow night.

It is reported that opposition to the submission of the question to the people will develop at the meeting. It is said that the contention will be made that the city has more immediate and pressing needs for funds in other directions at the present time.

The Capital Times is not yet prepared to say whether or not the expenditure of \$500,000 for a city hall and auditorium is advisable at this time.

The Capital Times has been hoping that some plan could be worked out to take over the local street car utility. Some action on that proposition is urgent in our estimation.

But there is a fundamental principle involved in the action of the common council tomorrow night.

The Capital Times has never opposed a referendum by the people. It has never been afraid of the verdict of the people.

The common council is simply asked to allow the people of Madison to decide whether or not they want a \$500,000 city hall and auditorium.

The council cannot defend a refusal to allow the people to vote on the subject.

If there are objections to the bond issue there will be plenty of opportunity to be heard before the people vote on the question.

The council should submit the question. Let the people give the answer.

Voice of the People

REPLIES TO DEAN

To the Editor of The Capital Times: Permit me to reply to Mr. W. C. Dean in regard to the Chilson bill to establish a police force in our state.

I read your editorial and agree with you on squelching said bill and will give my reasons.

In the first place we have all the officers necessary to enforce the laws. We will enumerate. In Iowa county we have a county judge, district attorney, sheriff and as many deputies as he sees fit to appoint. Besides there are lawyers who are anxious to see the laws enforced. Then we come down to the towns, if it was necessary we could have a justice of peace and a constable in each neighborhood. Had Mr. Dean lived in pioneer days he would have seen this, but since we became more law-abiding we have dispensed with them. I live 16 miles from the county seat but could have the sheriff at my door as soon as a car could bring him here.

Secondly, Mr. Dean says it is an important fact that the laws are being violated every day. We will allow that this is a fact but will this gentleman tell us where this is being done? Is it not in the cities where there is a policeman on every corner. As for the country people he is generally too busy to do much mischief.

In the third place he states that there are notorious road houses and places of evil resort. Mr. Dean, I will defy you to find one in Iowa county. Then I would ask you this, are there any of these resorts in the cities where they are heavily policed?

Next, Mr. Dean tells of the terrible things that are happening on these splendid highways. I have had a little experience on the roads this last summer. I made three trips to Madison, two to Cross Plains, one to Mazomanie and several hundred miles around our country and in all I never met a man who did not act a gentleman.

Mr. Dean refers to the hunting season, how the hunters set fires and violate the laws. Now I would ask him what he would do with the game wardens and would he have a police to follow each hunter?

Mr. Dean refers to the Middleton bank. Aren't these things happening in the cities and wouldn't that be liable to happen if we had this force? He also mentions how mining districts and lumber camps are swarming with ignorant, foreign laborers who are ready to listen to any ranting agitators that come along. I have had some experience with miners and lumber jacks and found them to be good wholesome fellows, and I would say if you take care of your city people we have ample officers to look after our country people.

Another word concerning foreigners. Iowa, Green and other counties in which I am acquainted are filled with chiefly foreign people and they are a law abiding, industrious class. You may not agree with me Mr. Dean, but I see you are a ready writer and would not like to enter into a discussion with you through the press but I challenge you to meet me in Barneveld to discuss this question pro and con. I will pay for the hall and at the end of meeting we will take a vote of those assembled and if 75% do not oppose the Chilson bill I will acknowledge defeat.

R. W. Theobald,
Barneveld, Wis., Iowa Co.

AGED LAWYER DIES

APPLETON—Humphrey Pierce, dean of Outagamie County Bar association, ex-mayor, ex-district attorney, and ex-legislator, is dead at the age of 82, as a result of a stroke of paralysis suffered a week ago. His last public appearance was when he addressed the Outagamie County Pioneer association the day before he was stricken. He has practiced law in Appleton 53 years.

APPLETON TEAM FAVORITE—APPLETON—With ten victories out of eleven games played, the Appleton high school basketball five is the favorite in the normal sectional tournament to be played at Oshkosh Thursday, Friday and Saturday. Every team in the district with the exception of Fond du Lac has lost to the local high or have been defeated by teams which the locals have beaten.

WANT COUNTY AGENT—APPLETON—Outagamie county farmers will insist upon getting an agricultural agent. The battle to make the county board rescind its act at the November, 1918, session, whereby the office of county food agent was abolished, will not be ended, farmers say, until a county agent has been secured.

REMEMBERS GAS EFFECT—NEENAH—After having been gassed in action, Harry Stroetz, private in the first division, has arrived home to remain, having received an honorable discharge. Although he was gassed in one of the early battles Private Stroetz says that he still feels the effect of the burn.

PHYSICIANS TO SPEAK—MILWAUKEE—Speakers at the annual meeting of the Wisconsin Anti-Tuberculosis association in Milwaukee, March 21 and 22, include Dr. Donald B. Armstrong, Framingham, Mass., and Dr. Michael M. Doyle, Boston, who will describe widely known projects for better health which they have personally directed.

MAKING THE FARMERS UNWELCOME IN TOWN

(From the Equity News)

MY ATTENTION has been called to the fact that the city council of Sparta, Wis., has refused to permit the local Society of Equity to hold its meetings, as it has been accustomed to doing, in the city hall. According to the local newspaper the reason for this refusal is that the American Society of Equity is "antagonistic to local business."

In my judgment, the city council of Sparta has adopted a very narrow-minded and short-sighted policy. In the first place, the principles of the American Society of Equity, as I understand them, are not "antagonistic to local business." In the second place, if any antagonism did exist, it would be sure to be intensified by such action on the part of the city council. A writer in the Sparta paper has touched upon this incident so well that I know I will be pardoned for quoting from him:

We will wager \$100 in gold against a 2-cent cigar that these men know no more about the principles of the American Society of Equity than a razorback hog knows about the gospel.

We recommend to the honorable council that they immediately enter into negotiations with some reliable construction company to build a high re-inforced concrete wall with seven towers around the city. Station one of the seven councilmen in each of the towers, armed with a machine gun, under the strict orders to halt, search and carefully examine every farmer wearing an Equity button. Don't let him enter the gate until he has given bonds in amount equal to the total valuation of the city.

Give said farmer orders to spend every copper he happens to have in his jeans in as short a time as possible, and then to get on out. If you do not do this, perhaps some time in the near future these American Society of Equity farmers may enter the city and before you are aware they will commit greater destruction upon your fair city than the Lord did upon Sodom and Gomorrah. But what have they done, "those ignorant farmers in overalls," to be subjected to such an erroneous accusation? Why, they are trying to put into actual practice the teachings of the University of Wisconsin, the Agricultural Department of the United States and the leading farm papers of the country. They want to do the same as the farmers of Denmark, the most successful dairy and agricultural country on the face of the earth, are doing whose methods are being studied by leading men from all over the world. They want to do that which has kept the poor tenant farmer of Ireland from starvation. Yes, but what is it? Oh, it is simply

this: Collective selling and buying, or to use the more familiar word co-operation.

This, my friends, they are going to do by doing what the business men, bankers, barbers, laborers, bootblacks and the merchants of Sparta set a precedent in doing. They propose to organize.

Continue to protect the business interests of your city in this manner, and shout loud against the farmers, then perhaps some time in the twenty-first century some poetically inclined person will write a parody on the deserted village with this as the first line:

"Sweet Sparta, loveliest city of the dale."

In conclusion, I ask you fellow members of the American Society of Equity to give a rousing cheer to the one lonely councilman who had brains and nerve enough to stand in opposition to the other seven.

Those who have been following my writings in these columns will remember that some months ago I called attention to an instance in a western Iowa city where the use of the town hall had been refused to a large delegation of organized farmers. No city could make a worse mistake than to act in such a manner. Of course, if the cities referred to do not appreciate the farmers' trade and do not care for it, and if it is their real desire to drive it elsewhere, they may do well to proceed along the lines adopted in these two instances. I wonder how long it will be before some so-called "town booster" will learn that farmers are human beings just the same as town people. They say we should not set up antagonism between the farmer and the people in town. Of course we should not, and no one of us has any desire to do so, but what arouses this feeling of antagonism and more than for the officials of the city or town to declare that farmers are not welcome in their town?

I say, as I have often said before, that farmers have as much right to meet and organize as any other class of people. The city council perhaps might have the legal right to refuse any organization outside of the city permission to meet in its town hall, but in this case it is in my judgment very poor policy to do so. If the members of the city council of Sparta were smart and really alive to the interests of their city, they would urge the local Society of Equity to hold its meetings in the city hall. If there is anything wrong in the Equity Society (it is ridiculous even to assume as much, but let us do so for the sake of the argument) there would be no quicker way to correct the wrong than to hold public meetings and invite a free and open discussion of the problems which the farmers desire to present.

Talk about class hatred or aligning class against class. If the above kind of stunts does not breed class hatred, what will?

There would be no such thing as classes were it not for the fact that the few rob the many.

JOSEPH L. LEANARD IS BACK FROM NAVY

Joseph L. Leonard, whose home is at Appleton but who worked in Madison several years prior to enlisting in the navy, returned yesterday with an honorable discharge. He will remain in the city several days visiting old friends but at the end of that time contemplates joining the merchant marine service, which, he declares now offers unlimited opportunities to young men.

Leonard enlisted on Jan. 2, 1918, as an able seaman. When he was discharged he was wardroom steward aboard the U. S. S. Cape Roman, a cargo ship engaged during the war in transporting army munitions and stores to France. He made two trips and brought back many interesting trophies and souvenirs which admiring friends examined with interest today at the Sherbrook hotel, where he is stopping.

YPRES TOLL 253,627.

LONDON—The casualties of the British, Canadian and Australian troops in the Ypres salient from July 31 to Nov. 18, 1917, aggregated in officers and men 253,627.

NOTHING DULL THESE DAYS ABOUT LIFE IN GERMAN CAPITAL

Berlin civilians being searched by soldiers for concealed weapons; loyal troops firing at Spartans.

Life is anything but dull in Berlin these days. The Spartans, who are the German Bolsheviks, are resorting to force to get control of the government. As a protective measure Robert has ordered that all civilians be searched for concealed weapons. The lower photo, showing government troops firing at Spartans rioters from behind a barricade, was taken at the corner of Friedrich and Koch streets.

EIGHT-DAY R

THIS is my first sale. I have been in business on the West Side—out of the high rent district—over six years. Everyone knows my established reputation of honest dealing. Nothing is carried but highest grade merchandise—Dry Goods, Shoes and Gent's Furnishings—at prices always less than at most stores. Expense of operating is low—this is the main reason. Proper treatment and service have been the secret of my success. Six years ago, I started out in a small way—one-half the size of present location. My store is overcrowded, every inch of available space being filled to the limit. It was absolutely necessary to secure larger quarters—L. Perlman.

BIG EATERS GET KIDNEY TROUBLE

Take Salts at first sign of Blad-
der irritation or Back-
ache.

The American men and women
must guard constantly against Kid-
ney trouble, because we eat too much
and all our food is rich. Our blood
is filled with uric acid which the kid-
neys strive to filter out; they weak-
en from overwork, become sluggish;
the eliminative tissues clog and the
result is kidney trouble, bladder
weakness and a general decline in
health.

When your kidneys feel like lumps
of lead; your back hurts or the urine
is cloudy, full of sediment or you are
obliged to seek relief two or three
times during the night; if you suffer
with sick headache, dizzy spells,
acid stomach, or you have rheuma-
tism when the weather is bad, get
from your pharmacist about four
ounces of Jad Salts; take a table-
spoonful in a glass of water before
breakfast for a few days and your
kidneys will then act fine. This
famous salts is made from the acid
of grapes and lemon juice, combined
with lithia, and has been used for
generations to flush and stimulate
clogged kidneys; to neutralize the
acids in the urine so it no longer is
a source of irritation, thus ending
bladder disorders. Jad Salts is
inexpensive; cannot
injure, makes a delightful efferves-
cent lithia-water beverage, and be-
long in every home, because nobody
can make a mistake by having a
good kidney flushing any time.

OBJECTIONS TO ZIONIST IDEAS ARE SET FORTH

Prominent Jews Through-
out Nation Sign Confer-
ence Statement

PHILADELPHIA—A statement
signed by 300 prominent Jews set-
ting forth their objections to the or-
ganization of a Jewish state in Pal-
estine, as proposed by the Zionist
societies in this country and Europe,
to be presented to the peace confer-
ence in Paris, was made public here.
Objections to the segregation of the
Jews as a nationalistic unit in any
country is also made in the state-
ment, which will be presented to the
peace conference by Representative
Julius Kahn of California.
Among those whose names are at-
tached to the statement are Henry
Morgenthau, former American am-
bassador to Turkey; Adolph Ochs,
David Belasco, E. R. A. Seligman
and Justice Samuel Greenbaum, New
York; Simon Wolf, Washington, D.
C.; Judge S. J. Straus, Wilkesbarre,
Pa.; Rev. H. Berkowitz and Prof.
Morris J. Jastrow, Jr., Philadelphia.
"We wish to indicate our entire
sympathy with the efforts of the
Zionists which aim to secure for
Jews, at present living in lands of
oppression, a haven," the statement
says. "But we raise our voice in
protest against the demand of the
Zionists for the reorganization of
the Jews as a national unit to whom
now or in the future, territorial sov-
erignty in Palestine shall be com-
mitted."

GERMAN REVOLT BEGAN IN 1917. HASSE CLAIMS

Predicts Result Will be Vic-
tory for International
Socialism

PARIS—Hugo Hasse, independ-
ent Socialist, declared at the min-
ority Socialist conclave at Berlin
yesterday that the German revolu-
tion had been smoldering since 1917
but that it had not come up to all
expectations, according to a Havas
dispatch from Basle. He asserted
that it was not over yet and predict-
ed that it would end in a triumph
for international Socialism.

"The present powers in Ger-
many," he said, "cannot stay the
course of the revolution by promis-
ing socialism to the masses with the
aid of the Bourgeoisie and the Cen-
trists. The future belongs to the
independent socialists."

—ATTEND THE MATINEES.

Madison's New Y. M. C. A. Building

The men's social quarters and reading room and billiard room are open to members now and these quarters with the splendid furnishings make a very attractive home for men away from home or for the man who has a few leisure moments. The hangings in the windows were supplied by Burdick & Murray and have received many comments by the thousands of visitors during the Open House days. The furniture for the men's social quarters was furnished by Fruttschi & Sons and in the reading room by the Haswell Furniture Company. All available dormitories in the Y. M. C. A. are occupied and twenty-two more rooms will be open for applicants by Saturday of this week. The Y. M. C. A. Cafeteria will be open to the public by Monday, March 10.

Mr. Henry Harris is busy with the work among industrial men. Fred Rindge of New York, the Industrial Secretary of the International Committee of the Y. M. C. A. was here for three days meeting with the Industrial Committee, Labor Council at Labor Hall and with employers, and telling of the program of the Y. M. C. A. among industrial men. Henry Harris is on the job and is arranging various types of work among the industrial men of the city.

Great numbers of boys are enrolling in the Boys' Department under the supervision of Mr. A. Z. Mann. Every school boy of the city is anxious to take part in some form of activities which the new building and its community program offers to the boy. The next meeting of the Boys' Work Committee will be held next Tuesday noon to consider further the enlarging of the program of the boys' work.

Physical Department in New City Y. M. C. A. is Being Whipped Into Shape for Large Activities.

A. F. Grimm, Director of Physical Work in the new Madison Y. M. C. A. Building is on the job and is superintending the finishing touches that are being put in the gymnasium, swimming pool, shower rooms and locker rooms this week. By Wednesday, March 12th, the Physical Department will be ready for definite activities. Mr. Grimm is meeting with the Physical Department Committee this week and other members of the secretarial staff to arrange for a schedule of classes for business men, professional men, employed boys, shop men, young men, junior boys and High School boys. The Committee on Physical Work for Madison Y. M. C. A. is made up as follows:

Paul E. Stark Chairman
Dr. Walter Sheldon
Dr. R. W. Huegel
C. E. Bennett

A. W. Bayley
David Cantwell
J. F. Rose
F. M. Ellgore

J. C. Ford

Those who have signed up as members may come in this week and receive their assignments for the locker rooms. Anyone wishing to take out membership can have access any time this week to the office to make out the application blank.

Bowling alleys were started last evening by one of the leagues and the alleys will be open every evening to the members of the Association or bowling clubs that are composed partially of members.

The Cafeteria in the New Y. M. C. A. Will Open March 10th

Most modern restaurant equipment has been installed.

Particular care will be taken in the selection of the food served and the highest degree of sanitation will be maintained in both kitchen and dining room.

Is Dream of World League to Come True Through Lange

Former Baseball Star Goes to Europe to Foster American Pastime

By JACK KEENE

Bill Lange, the "fence breaker" of the old Chicago Colts, champion fielder and base runner, is bound for France in the uniform of the Y. M. C. A. on about the biggest mission that one baseball man ever tackled.

The formation of an international baseball league, for years the dream of players and officials, a combination of England, France, Belgium and possibly Italy, whose pennant winners would meet those of the United States, the series played alternately in this country and Europe, is in Lange's hands to bring to realization.

Sam Johnson has commissioned Lange as his eastern representative to look over the field with a view to taking the pennant winners of the American league next fall for a European tour for the entertainment of the allied soldiers.

Lange will take charge as general baseball director for the Y. M. C. A. in Europe, of the scores of army and navy teams developed abroad, the biggest baseball league ever formed. Lange will have his headquarters in Paris, with representatives in all parts of Europe.

John McGraw, now an owner of the Giants, has made Lange his chief European scout.

Lange is taking with him about \$40,000 of baseball paraphernalia, the result of Clark Griffith's "Ball and Bat Fund." This Lange will distribute to the army and navy teams.

Baseball is in for the biggest boom in the history of the game, because both sides of the Atlantic instead of only one are on the job now, and thousands of people in England and France that never knew a steal from a pop fly are getting to be fans.

"My scheme," says Bill, "after I get the situation sized up, is to pick some good baseball men, and send them to England, Belgium and Italy to work up international league organization."

"If the international league thing takes hold, England, France, Belgium and Italy will have their national series, their European series and then they will enter a real world series with the pennant winners over here. We could have the games played alternately on this side and abroad probably running them in order with the teams of the different nations."

So Bill Lange, according to Pop Anson, "the greatest all around ball player the world has ever seen; better than Cobb at his best—much better fielder, better thrower and more faster," is out to make baseball history. Which isn't so bad for a recruit who has just turned forty-seven years old.

THE HEART OF HUMANITY

BADGERS WORK FOR VICTORY OVER CHICAGO

Wisconsin Five Will Fight to the Finish Led by Capt. Zulfer

"Never say die" and "fight to the finish," the slogans of Wisconsin spirit, are on the lips of Coach Lowman's basketball players who are practicing hard with two full teams to encompass the defeat of the Maroons whom the Badger quintet will meet at Chicago, Saturday night.

Northwestern put the odds under Chicago's championship hopes when, led by Capt. Marguerite, they trounced on the Maroons, 15 to 12, Wednesday night. This defeat gives Minnesota undisputed right to the championship of the "Big Ten" conference. The Badgers, in their turn, aim to humiliate the down-fallen Maroons.

With Zulfer back in good condition, Coach Lowman is planning on starting the same combination against Chicago that stacked up against the Gophers last Saturday. Zulfer, center; Knapp and Mcintosh, forwards; Weston and Pease or Barlow guards. The Badgers are determined to turn the tide and bring back the Maroon scalp.

MAROONS LOSE BIG TEN TITLE

Purple Five Upsets Chicago, 15-12; Gophers Become Champs

CHICAGO—Northwestern University defeated Chicago University at basketball, 15 to 12, Wednesday night, the defeat costing Chicago the Western conference championship which now goes to Minnesota. It was the first defeat for Chicago. Minnesota has a perfect percentage, with 10 victories and no defeats. Minnesota has completed its schedule. Chicago still has one game, that with Wisconsin here Saturday night. Chicago also had won 10 straight games.

WIS. HIGH MEETS EDGERTON TEAMS

The W. H. S. quintet will meet Edgerton on the Madison floor Friday afternoon. The second teams will play first at 3:30, followed by the first team game at 4:45.

Both teams won from Edgerton on the latter's floor early this season. The fans are of the opinion that the team can put the edge" on Edgerton again with the following line-up: Otis or Stehr, center; Glazier M., Meyers, Elsom, forwards; Brown, Teal, F. Glazier, guards.

M. H. S. TO CLOSE YEAR WITH BELOIT

Madison high school will play its last basketball game for the 1919 season against Beloit at the high gym, Saturday afternoon. The Orange and Black five has been withdrawn from the Whitewater tournament.

The loss of Captain Tauchen, one of the stars on last year's state championship five and considered by many the best player in the state, was keenly felt.

W. H. S. 7th, 12; RANDALL 7th, 0

The Wisconsin high school seventh grade defeated the Randall five, 12 to 0 in a swift game in the high gym last Thursday. The Randall team came back rather strong in the second half, putting Wells at right guard and E. Otis at center, but failed even to make a basket.

The line-up: W. H. S. Silbernagel, R. F., Barton, Roberts, L. F., Nelson, Wells, Harrington, B. C., Konop, Hatfield, L. F., Wiesse. Baskets—Nelson, 3; Otis, 2. Free throws—Nelson, Barton. Referee—M. Glazier.

TROOP 33, 17; LIBERTY FIVE, 9

The Boy Scout basketball team of Troop 33 won from the Liberty quintet, 17 to 9, Wednesday night. The line-up: Liberty Five Freund, R. F., Wollenben, Ragatz, R. F., Kohn, Scholl, C., Benkenhoff, Anderson, R. G., Carlson, R. G., L. G., Otis.

Baskets—Freund, 2; Ragatz, 2; Scholl, 4; Wollenben, 1; Kohn, 1; Benkenhoff, 1; Oldenburg, 1. Free throws—Benkenhoff, 1; Scholl, 1.

GERMANS BLAME DECRIES ACTION RAIL STRIKES OF GERMANY IN FOR BIG DELAY

Cannot Deliver Goods According to Conditions of Armistice

(By the Associated Press)

WEIMAR—In the discussion of the Polish question in the German National assembly today, Matthias Erzberger criticized the old German government severely for its policies toward the Poles, which consistently alienated them. Several supporters of the views of Erzberger, but the majority argued that the Polish attitude toward Germany was one of ingratitude.

Erzberger said that the present government was anxious to help the Germans in German Poland. The speaker said he wished that Germany had been fairer to the Poles which, now, would be more favorable to Germany.

He said that the behavior of the German troops in Posen in November had hurt German prestige with the Poles greatly. He mentioned that several thousand German soldiers and officers had fled before 800 poorly armed and poorly disciplined Poles.

LONDON—The British government has decided to release all Irish political prisoners, says the Daily Mail.

SOLDIERS FILE DISCHARGES TO INSURE BOUNTY

Government to Pay \$60 to

Each Former Enlisted

Man

Discharged soldiers and sailors of Danes company are taking advantage of the opportunity to make a permanent record of their discharge papers by filing them with the registrar of deeds. Thirteen discharges have been filed to date.

By filing the papers they will be able to get a duplicate copy at any time the occasion should arise. The move is particularly important at this time as the men will have to send their discharges to Washington in order to get the \$60 which the government is to pay discharged enlisted men and officers.

The \$60 payment holds good in case of the men who have been placed on the inactive list as well as those discharged. Men still in service will be paid the amount upon discharge. Papers of discharged men from the navy go to the Disbursing Officer, Navy Department, Washington, D. C., and those of men of the army go to the Army Disbursing Office, Lemon Building, Washington, D. C. They will be returned after approval with payment of \$60.

Discharges of the following men have been filed with the Registrar of Deeds: Clarence A. Parsons, John F. Lorigan, Walter A. Koehler, John Morci, Harry Ira Miller, Bernard E. Meyers, F. J. Morris, E. J. Perry, E. J. Pennfeather, H. A. Raube, H. W. Snyder, E. J. Terry and E. L. Laughlin.

SOCIALISTS FAIL TO GIVE SUPPORT

Strike Situation in Central Germany is Reported Unchanged

COUNTER STRIKES ON Employees of Telegraph Companies in Berlin in Refusal

(By the Associated Press)

BERLIN (Wednesday)—A leader of the majority socialists informed the Associated Press today that so far the general strike is a failure and will not receive the support which had been expected. It was stated that wherever workingmen balloted secretly, the opposition to the strike was overwhelming and that the independent socialists declined themselves in estimating sentiment among the laboring class.

Move Is Failure.

The strike situation in central Germany is unchanged and a renewed effort by the Spartacists to secure the proclamation of a general strike at Dresden and Magdeburg has failed.

Normal conditions have been restored at Halle, where the railway station was found stocked with supplies of food, clothing and other commodities which had been commandeered by the Spartacists.

At Leipzig the general strike of citizens as a counter action against the industrial walkout is still going on and threatens to complicate the situation.

The military situation on the eastern front is painted in blackest colors by Field Marshal von Hindenburg in an interview printed here. The Field Marshal declares that unless the population generally rallies to the defense of their homes and families it will be impossible to ward off attacks by Bolshevik hordes.

"The expectations of the Poles and the entente that the Poles will succeed to the German inheritance in the east will be blasted," he says. "I know the Poles and the country in the east will belong either to us or to the Bolsheviks."

Protest Is Entered

AMSTERDAM—Employees of telegraph companies, the postoffice and big stores at Berlin have resolved to protest against the general strike and the railway men have announced that they will not participate in the walkout according to a despatch to the Handelsblad sent from Berlin yesterday.

VETERAN NEGRO TROOPS VISIT HERE NEXT WEEK

Detachment Containing Madison Men Will Parade Around Square

Madison will have a chance to see the boys of the 356th infantry (negro) who are just returning from overseas, on March 10 or 11, according to a telegram received late this morning by J. Anthony Josey, editor of the Wisconsin Blade.

A detachment of 500 men will leave Camp Upton March 8, for Camp Grant and will stop at Chicago and Madison. The troops will parade around the square and plans are now under way for a reception by the Red Cross.

The 356th left for France in June and was in the thick of the fighting around Metz until the signing of the armistice. The following Madison boys are with the detachment which is to visit here: Lieut. R. C. Atkins (retired for bravery); Corp. W. M. Carmichael, Wheeler, Wilkinson, Samuel Dunn, Austin Roberts and C. C. Scott. Atkins and Scott were formerly students at the university. The credit of bringing the 356th here is due to Mr. Josey, who has been communicating with the division commander for the last week. Following is the telegram received this morning from the commanding officer:

"Detachment of 356th infantry of about 900 men leave Camp Upton March 8, for Camp Grant, Ill., stopping in Chicago and Madison enroute. Arrive in Madison about March 10 or 11. Definite date from railroad authorities in Madison. Please make necessary arrangements with mayor and have streets policed."

TWO CHIMNEY FIRES

Central station fire companies responded to two calls yesterday, both of which were chimney fires.

NEW MANAGER HERE

A. F. Marks of Madison has been appointed city manager of the Wisconsin Accident and Insurance company. Mr. Marks will be located in the Kresge building.

TRY TO STOP PETITION ON PROFITEERS

(Continued from page 1)

lions and Labor Organizations, for the purpose of bettering their wages or working conditions without fear of dismissal from the service of their employer for so doing, and to guarantee to the workers the rights herein-after specified, that this spirit of unrest and dissatisfaction may take root in our own land.

Whereas, We believe and know that our own Democratic System of Government, when properly executed, is the best and most equitable form of government that has been established on this earth up to this time, and its preservation should be the foremost thought in the mind of every good citizen at this time, therefore be it,

Resolved: That our legislature do not adjourn until it has enacted the following into law in the State of Wisconsin:

1st. Provide by law that men and women have the right to organize themselves into Trades Unions or Labor Organizations for the purpose of bettering their working conditions, increasing their wages, and etc.

2nd. To establish by law that the basic work day shall be not more than eight hours out of any 24 hour period, and that in no instance, except in cases of extreme emergency, will an employee be required or permitted to work more than eight hours within any 24 hour period, and in such emergency, an employee will not be worked more than four hours over time, in any 24 hour period, for which over time such employee shall be paid not less than time and one-half times the pro rata rate for such over time.

3rd. That the provisions of the Clayton act with reference to the abuse of the writ of injunction in labor disputes be written into the laws of Wisconsin.

4th. That the property right of an employee in his job be recognized, and provide a penalty for arbitrary dismissal of an employee without just cause.

5th. Provide by law for a commission of five, two to be elected by the State Federation of Labor, two by the employees of the state, and a fifth to be appointed by the governor, the duties of which commission it will be to investigate any case of unjust dismissal, brought to its attention by any dismissed employee; said commission to have authority by law to instruct the employer, guilty of unjustly dismissing an employee, to reinstate an employee that the commission finds has been unjustly dismissed, with full pay for all time lost; be it further Resolved: That a copy of these resolutions be sent to Governor Philipp, the senator, and both assemblymen of this district, and that a copy be given to the press.

A Soldier With a Message Always Stops Off in Paris, Whether Paris is on the Way or Not

BIBLE STUDENTS HERE MAKE PLEA FOR PRISONERS

Handful of Members Battle
for their Imprisoned
Leaders

News that President Wilson had passed the cases of J. F. Burchard, president of the International Bible Students' association and his colleagues in issuing pardons yesterday to violators of the Espionage act, was received by the Bible band with regret. For months they have been trying, with the members of other branches of the association, located in various parts of the United States, to bring the cases of the religious heads to the President's attention.

O. E. Putnam is elder of the Madison group, Mary A. Rogers is secretary and Madeleine Clauson is treasurer. There are less than a dozen on the membership roster. These include Mrs. P. Clauson, Mrs. Ida McFadden, Mrs. L. Sale, Mrs. Ida Nordgren, John Sorenson, Mrs. Ed Draper and Mrs. G. W. Sargent. All have been followers of the students' association since before the death of its founder, Pastor Russell, in the latter part of 1916. All maintain the same stand that the higher officials took when called to account by the government—that the organization is and always has been purely for the study of religion.

None Desert Ranks
Although the branch here was at one time larger than it is at present, the membership has been depleted by departures from the city rather than by withdrawals due to the government's action in suppressing "The Finished Mystery" the book which caused the conviction of the leaders.

In addition to President Rutherford, there are seven other officers of the organization now serving sentences of twenty years each in the Federal penitentiary at Atlanta. They are: W. E. Van Amburgh, A. H. Macmillan, R. J. Martin, F. H. Robison, C. J. Woodworth, George H. Fisher and G. De Coora. The Madison followers meet four times weekly, Sunday afternoon and evening at G. A. R. hall and on Wednesday and Friday evenings at the homes of the various members. Elder Putnam, who was just recently appointed to the leadership of the group, came here three months ago from Denver and was unable to outline the work that has been done here.

Tells of Work Here
Miss Rogers, the secretary, however, after expressing her regret that the association heads had been ignored when the President granted the commutations, declared that the small band here had done all in its power to accomplish the work assigned by headquarters. "We had just begun to sell the book which the government later declared contained passages which tended to incite mutiny in the armed forces," said Miss Rogers, referring to "The Hidden Mystery," "when the intelligence officers seized the book."

"None of us had any idea at that time that the book was anything but a compilation of the writings of Pastor Russell written before war was declared, nor have we now," she declared. "The government men, however, told us not to attempt to make further sales and, of course, we stopped."

TWO CENTS WILL CARRY A LETTER AFTER JULY 1ST

Postoffice Department Will
Revert to Pre-War Post-
age Rates

Coincident with the announcement from Washington that the postoffice department has just issued a new three cent stamp to be known as the Victory stamp, Postmaster Devine here received official word that the old postal rates would be in effect commencing July 1st.

This means that only two cents will be required to carry the average letter and one cent postal cards will be sold as in the pre war days. The postmaster said that none of the new Victory stamps mentioned in the Washington dispatches have been received at the Madison office.

The new stamps are only temporary and will serve to commemorate the successful conclusion of the war.

In announcing the issue today, the postoffice department said the supply would not be sufficiently large to replace the regular three cent stamp and postmasters would sell victory stamps only on request.

The new stamp bears the figure of Liberty, victorious, helmeted and with a sword in one hand and scales in the other. The whole design appears on a shielded panel, with American, British, French, Belgian and Italian flags draped for the background. In size it compares with other special stamps, and is wider and shorter than the ordinary stamps.

VODVIL HEADS ANNOUNCE CAST

12 Acts Selected to Appear
in Major Pro-
duction.

Final selections for Union Vodvil have been made and the successful teams are listed below. The selections are subject to eligibility rules and may be changed at the discretion of the committee in charge of the production.

Only twelve out of the twenty-three acts trying out were chosen and those twelve have exceptional merit in the eyes of the production committee.

The successful contestants are: George W. Martin, contortionist; Margaret Kirch and Katherine Fedde; Twelfth Night; Holcombe, Collins and Brader; W. A. A. Aesthetically dancing; Edwin Booth; Horace Philip and Philip Reed; Red Dominic; Fields and Co.; "Signs and Wonders;" Charles Morris, Magician; Pi Beta Phi.

One of the ways devised by the floor committee to raise money is to stage a hold-up during the intermission. The lines which the hold-up will follow have not yet been decided but it will be a hold-up worthy of Bill Hart at his best.

CLERGY ATTACKS BOLSHIEVISM
OMSK—After remaining neutral for two years, the clergy in the government of Omsk is now bitterly attacking the Bolsheviki.

"Some of us have also taken out the petitions." It is planned to bring lecturers to Madison in the near future to explain the work of the organization and set forth its principles as outlined by its founder, Pastor Charles Taze Russell.

PATRICK CUDAHY MAKES PLEA FOR RETURN OF BOYS

Writes Letter to Madison
Council Asking Official
Action

Patrick Cudahy, member of the packing firm of Cudahy Brothers, who has a son with the American forces included in the allied armies now in Russia, has addressed a letter of protest to the mayor of Madison and the common council. Mr. Cudahy also enclosed an editorial from the Chicago Tribune in which many of his own contentions are supported. The letter in full as it was read to the members of the council at the last meeting and excerpts from the editorial follow:

"To the Honorable Mayor, Madison, Wisconsin.
"Dear Mayor:

"It is common street gossip that our boys in northern Russia are being treated shamefully. There are about 4,500 American young men over there—a good part of them Wisconsin boys—being battered about by a Bolshevik mob. Everybody is asking the question: 'Why are they there?' We have no quarrel with Russia. There might have been a reason in connection with defeating Germany for sending our boys in there last September or October, but there certainly is no reason for keeping them there now, and it would be an act of charity on the part of anybody that could bring any pressure to bear to get them back to their homes, and I write you this, asking you, as the mayor of the city of Madison, if it would not be right and proper to request the city council to pass a resolution demanding the withdrawal of our boys immediately and forward same to the proper party at Washington. Hoping that you will look upon this matter with favor, I am, 'Respectfully yours,' 'PATRICK CUDAHY.'"

MADISON MAN HAS IMPORTANT TASK

Lieut. I. N. Kiland of the U. S. S. Destroyer Elliot has written his parents, Mr. and Mrs. G. H. Kiland, 412 W. Fifth street, that his ship is one of the convoy vessels to accompany the George Washington on its trip with President Wilson to France.

Lieutenant Kiland who is gunner and torpedo officer on the Elliot, served on the destroyer, Sterett during the war and was in the U-boat zone eighteen months. On being "taken" from the Sterett, he was presented with the ship's smoke laden flag which had floated continuously at her mast from the beginning of the war till the signing of the armistice. It is worn almost to shreds.

LONDON PAPERS REVIEW ACTION OF U. S. CONGRESS

Wilson's Speech Just Be-
fore Leaving is Also
Given Space

(By the Associated Press)
LONDON—President Wilson's speech at New York occupies a prominent place in the columns of newspapers here.

The Telegraph says: "Mr. Wilson's opponents in the senate have not bound themselves to any course of action too firmly to adopt another if the president should 'make good' with American public opinion in the end. All depends on the sense on which that opinion may make itself manifest when the treaty of peace and the League of Nations have been given final form. Therefore for the present we must leave this strange and uncertain situation."

"European democracies are watching to see whether the impulse which brought America to their side for the purpose of finishing the war will keep her at their side for the purpose of rearing the fabric of a war-free world," says the Chronicle. "They are not watching, without anxiety, for they know that American co-operation is indispensable if the fabric is to stand."

"TANKS" TO BE USED IN LOAN CAMPAIGN

WASHINGTON—More than 200 fast American fighting "tanks" have been lent by the war department to the Liberty Loan organization to be sent scurrying over city streets and country roads during the victory loan campaign as advertising features. Between 12 and 20 will be assigned to each federal reserve district. Each of the five ton tanks, managed by two soldiers and armed with machine guns, will carry loan orators in addition.

SNOW DRIFTS BLOCK MADISON HIGHWAYS

Recent snows have blocked practically every highway leading to Madison. This is especially true in the north central sections of the state where snow to a depth of from two to three feet now covers the ground. Route 19, to Milwaukee is in fair condition, however, and is passable, as is Route 12. Other highways and side roads are impassable.

REDUCED FARES FOR SOLDIERS GIVEN O. K.

WASHINGTON—Orders of the railroad administration granting reduced passenger fares to officers, enlisted men and nurses in the army, navy and marine corps, were held justified today in a tentative report to the Interstate commerce commission by an attorney examiner who investigated a complaint filed by William E. Golden as a private individual contending unlawful discrimination.

MEXICO TO ACT ON OIL DAMAGE CASES

MEXICO CITY—An extraordinary session of the Mexican congress will be called for May 1, and will presumably act on important international questions including damages to foreign oil interests during the revolution and take some steps relative to adjusting the national debt.

GERMANS MUST WEAR UNIFORMS, UNDER NEW RULE

Many in Occupied Zones
Sought to Avoid Ameri-
can Salute

(By the Associated Press)

COBLENZ—All German officers and men on duty in the zone occupied by American troops must wear uniforms when they appear in the street, General Dickman ordered today.

The order is a result of a tendency of German officers to wear civilian clothes because of their dislike to being compelled to salute all American officers.

The new order also calls for a weekly registration of each German soldier in this area. There are several of them attached to various missions.

SOCIALISTS IN COURT HERE TODAY

and mutiny and the obstruction of enlistments. The material circulated was the senatorial platform of Victor L. Berger, when a candidate for the United States senate one year ago. The campaign statements were authorized by Senator Arnold.

Senator Arnold had just been elected to a seat in the state senate for a second term. A contest to oust him from his seat was filed sometime ago, but the committee has taken no action on the matter. The senate judiciary committee has taken the position that the courts ought to pass on the subject matter before any action is taken in the state senate.

"We are ready to go ahead with the trial of Mr. Berger and Senator Arnold at the federal term of court opening at Eau Claire on March 10," said United States District Attorney A. C. Wolfe. "We have about 50 cases on that calendar, but we want to dispose of the Berger and Arnold cases at that time."

At the trial in Eau Claire Mr. Berger and Senator Arnold will be tried at the same time. The maximum sentence under the indictment is five years or a fine of \$5,000 or both. At the trial the two socialists will be represented by Henry F. Cochems, Milwaukee, and Seymour Steadman of Chicago. The federal case will be presented by United States District Attorney A. C. Wolfe and Assistant Bernard E. Goggins of Grand Rapids.

Even if Mr. Berger were convicted it could not possibly prolong his present sentence. Should he be convicted, the Chicago sentence and the latter would be served concurrently. Mr. Wolfe said that there probably would have been no prosecution of Mr. Berger if his other sentence was served, but no one can tell how the Chicago sentence will come out on an appeal, and the government is therefore proceeding with the present case. The arrangement for bringing the matter up at this time was arranged through the attorneys and both Mr. Berger and Mr. Arnold sent to the United States marshal's office for the purpose of submitting to arrest and appearing in federal court to enter their pleas of not guilty. Senator Arnold was tax commissioner of Milwaukee under Mayor Seidel. He was elected to the state senate in 1914 and re-elected last fall. Mr. Berger is the present congressman-elect from that district in Milwaukee.

SENATE ASKS RE-ACTION ON BADGER ISSUE

Petition Faculty to Effect
Reversal of Verdict;
Groves President.

The action of the Student Life and Interests committee on the ineligibility case of Lincoln Quarberg, editor-in-chief of the 1920 Badger, was unanimously protested by the student senate last night.

With student indignation and protest aroused, the student self-governing body last night passed resolutions petitioning the faculty to reconsider its action, and petitioning the committee directly to reconsider its action.

Discusses Awk.
Dean Goodnight appeared before the senate to present the matters of indebtedness of the Awk; the financing of Badger cuts which were lost last year, and suggested a new system of electing Badger staff members.

The Awk matter was referred to the committee on finance, the Badger plan of financing the Badger was adopted with changes, and the plan of a new Badger system was laid indefinitely on the table pending the outcome of the present Badger situation.

Makes Resolutions.

The resolutions are as follows: "Whereas, through an unfortunate oversight, the editor of the 1920 Badger has been allowed to continue with his duties for two quarters and until the climax in the work of preparing the Badger has been reached:

And whereas, according to the testimony of the B. staff and those familiar with the work of preparing the Badger the ineligibility of the editor would seriously prejudice the success of the publication and might result in no book being published at all,

And whereas, the Student Life and Interests committee took its action with only four members present and without taking into its confidence the student body or its representatives:

Be it resolved, that the University of Wisconsin, do petition (the faculty to request) the Student Life and Interests committee to reconsider its action and to grant to the editor of the 1920 Badger a special dispensation to continue with the duties of his position."

Harold M. Groves, senior class president, was elected president of the Senate to fill the vacancy created by the resignation of Joseph Beach. Henry Griswold and King Woodward were elected to the student court.

A resolution commending Senator Irvine Lenroot and state legislators for the activity in refuting the McElroy charges was also adopted by the senate without opposition.

ARMY SCHOOL HERE HAS SPACE IN BOOK

Wisconsin's part in winning the war will be one of the features of the new pictorial history of the titanic struggle being prepared by the general staff of the United States army.

Photographs of men receiving instruction in woodwork, blacksmithing, metal work, electricians, radio operators and every other trade taught in the army will be included in the history as will be views of the army barracks and parade grounds.
